CABBY WASN'T CONVICTED

Thomas Nelson a Hack Driver Accused By Pretty Mrs. Bohrer.

She West Shopping; Met an Agrecable Young Friend and Reached Home Minus Her Watch.

Thomas Nelson, thirty-five years of age, employed at the Baitimore & Ohio depot, was on trial for larceny before Judge Cox in criminal court, division No. 2, this norning. The jury acquitted him.

Nelson was a cab-driver a year ago. On the 12th of last November Mrs. Estella A. Bohrer, a young lady, who lives with her mother in Georgetown, started out shopping about the mon boar. She is an attractive-looking young lady, and when she appeared in court to-day as the prosecuting witness she was stylishly dressed in a chic hat and a heavy black

On the day she left home she wore a pretty little watch, with a diamond in the back that was worth every cent of \$10, she said. The rest of the watch was worth \$65. The rest of the watch was worth \$65.

On her way down town she met Mr. Harry Brown, she testified. He was a young man, who possessed considerable lessure and an agreeable disposition. At a Seventh street restaurant they had beer. She was unable to remember drinking anything clse. The two went shopping together then and wound up amid a most sociable party at "Little Johnne longants," who used to keep a saloon on Twelfth street.

ANOTHER PUMPING ENGINE

Bids Opened for One Having a Capacity of 8,000.000 Gallons.

It Will Make the Daily Supply Through the U Street Station About 13,000,000 Gallons.

Sealed hids were opened to-day for sup-plying the District with a new pumping ea-gine of a daily capacity of 8,000,000 gai-lons. This engine is to be added to the fa-cilities of the U street station, and when established will guarantee a daily sup-ply through that changel of 18,000,000

gallons of water.

The old Cankell engines, heretofter depended upon, have already been displaced and will be put in thorough repair for future use in case of emergency. They were too small for the needs of the District and the substitution of improved engines be-

too small for the needs of the District and the substitution of improved engines became an urgent necessity.

Elevan firms submitted bids to-day, as follows: Gosten High Duty Pumping Engine Company, of New York, \$34,000, the engine to be ready for test within 300 days from date of award; Nordberg Mannfacturing Company, of Milwaukes, Wis. \$40,650, to be ready in 240 days, and with certain improvements noted, three other bids of the firm ranged from \$41,650 to \$43,000, Holly Manufacturing Company, of Leckport, N. Y., two bids, of \$32,500 and \$35,000, to be ready in 150 days; Pennsylvania Iron Works Company, of Philadelphia, \$84,100, to be ready in eight months; George F. Blake Manufacturing Company, of Boston, \$41,000, to be ready in 180 days; George V. Cresson Company, of Philadelphia, \$30,000, to be ready in 180 days; Snow Improvement Pump Works, of Buffalo, N. Y., \$29,993, to be ready in 300 days; Frazier & Chaimers, Chicago, two bids, \$47,250 and \$37,500 respectively, to be ready in 160 days; Rochon High Duty Pumping Company, five bids, according to the make of engine, ranging from \$34,000 to the make of engine, ranging from \$34,000 to the shown for several days, since the selection will depend somewhat upon the economy of operating the engine. All things being equal, however, it would seem to be assured that the Worthington the lowest by \$243.
